

Apply building codes and standards to the construction process for large building projects

Course Code:

CPCGBC6001

Program category:

Short Courses Building

This unit of competency specifies the skills and knowledge required to access, interpret and apply relevant building codes and standards applicable to the construction processes of large, high-rise and complex buildings. It includes ensuring building design and specifications comply with the National Construction Code (NCC) and related standards for large residential or commercial building projects.

Eligibility for funding

It is important to note that only eligible participants may receive funding for eligible courses. Select a course to view the funding program options, eligibility criteria and find a Registered Training Organisation in your location.

Eligibility

Eligible participant means:

- a. a participant who has the right to work in Australia and is an **eligible worker** or **unemployed eligible worker** in Queensland

AND MUST NOT
