

# Certificate III in Shopfitting

## Course Code:

CPC30120

## Program category:

Skills Assessment and Gap Training Building

This Certificate III (3) provides a trade outcome in shopfitting. Occupational titles may include: shopfitter. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as a specialist field of work. The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context. Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

### Eligibility for funding

It is important to note that only eligible participants may receive funding for eligible courses. Select a course to view the funding program options, eligibility criteria and find a Registered Training Organisation in your location.

## Eligibility
