

Certificate IV in Project Management Practice

Course Code:

BSB40920

Historical Code:

BSB41515

Program category:

Higher Qualifications Building

This Certificate IV (4) reflects the role of individuals who identify and apply project management skills and knowledge in a wide variety of contexts. They may be members of a project team but with no direct responsibility for the overall project outcomes. They support project operations in one or more role and under direction may also use project tools and methodologies selectively to support organisational or business activities. They take responsibility for their own outputs in terms of organisational and project quality requirements, and may have limited responsibility for the output of others.
