

# Conduct compliance inspection of single phase LV electrical installations

**Course Code:**

UEEEL0030

**Historical Code:**

UEENEEG122A

**Program category:**

Short Course General

This unit covers inspection of single phase domestic installations for demand not exceeding 100 A for varying compliance with electrical safety regulations. It encompasses working safely, conducting tests and inspections, documenting non-compliance defects, taking/recommending actions resulting from non-compliance defects, applying regulatory requirements and completing inspection reports.
