Overview

CSQ invites Expressions of Interest from Registered Training Organisations (RTOs) that can deliver quality training in priority regions and qualifications where there are identified gaps in service delivery or opportunities to improve accessibility for learners and employers.

About CSQ

Construction Skills Queensland (CSQ) is an independent, not-for-profit, industry-funded body that supports workforce development across Queensland's building and construction industry.

CSQ subsidises training for workers, employers and career seekers, promotes career pathways into the industry, and works with industry partners to support workforce capability and retention.

CSQ receives funding through an industry training levy which is used to subsidise eligible training and workforce development initiatives.

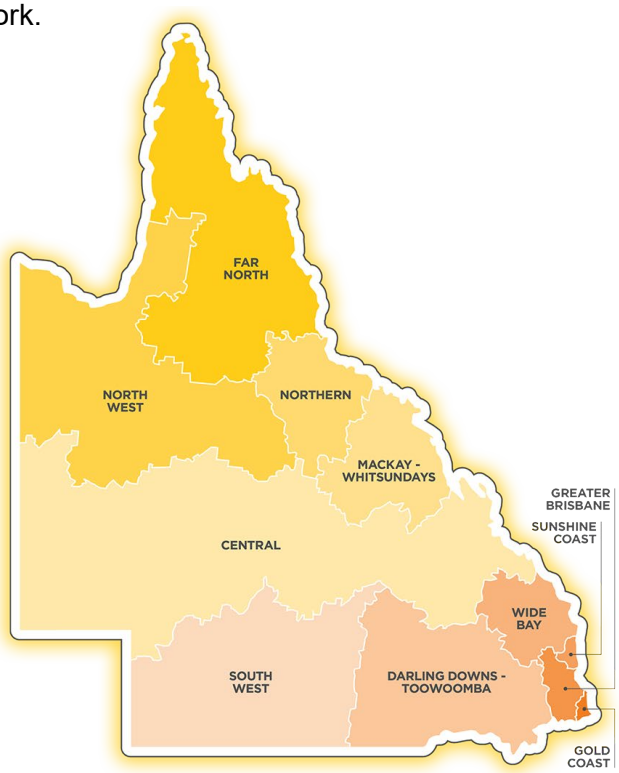

About Our Supplier Network

CSQ's Supplier Network comprises approved training providers contracted to deliver training and related services across Queensland. The network currently includes 96 Suppliers operating across eleven regions. Approved Suppliers may be invited to participate in sourcing opportunities aligned to their delivery capability.

Our Supplier Network is spread across eleven (11) regions in Queensland:

- Central
- Darling Downs – Toowoomba
- Far North
- Gold Coast
- Greater Brisbane
- Mackay Whitsundays
- North West
- Northern
- South West
- Sunshine Coast
- Wide Bay

To meet evolving industry needs, we periodically undertake an EOI process to bring new Suppliers into the Network.

EOI Objectives

In 2026, CSQ's annual EOI process is focused on strengthening the Supplier Network across Queensland through two key objectives:

1. **Regional Supplier Expansion:** Increase the presence of locally based Suppliers in regions where existing local Supplier representation is limited, **AND;**
2. **Identified Training Delivery Gaps**: Engage Suppliers with the capability to delivery specific courses in regions where gaps in training delivery have been identified.

Further details on the priority regions, programs and identified training delivery gaps are provided at the end of this Brief.

Supplier Eligibility

To be a CSQ Funded Supplier, at a minimum, your organisation must:

(a) have held continuous registration with the Australian Skills Quality Authority (ASQA) for a minimum of two (2) years; **AND**

(b) maintain delivery location/s within Queensland; **AND**

(c) not have received any significant or critical non-compliance findings through an ASQA audit, funding provider audit, or industry regulator audit within the past three (3) years; **AND**

(d) be able to demonstrate delivery of training in Queensland within the past six (6) months, in at least one course funded by CSQ; **AND**

(e) be able to demonstrate industry connections to the Queensland building and construction industry.

CSQ Supplier Obligations & Expectations

CSQ Suppliers play an important role in delivering quality training outcomes for Queensland's building and construction industry.

Suppliers are expected to:

- maintain accurate supplier and delivery information
- comply with contractual, program and reporting requirements
- determine participant eligibility in accordance with CSQ requirements,
- collect and retain required evidence to support participant eligibility
- deliver quality training and services
- meet performance and compliance obligations.

Further information about Supplier obligations is provided during onboarding and throughout the contract term.

Supplier EOI Process

New Suppliers

To be considered for inclusion in the CSQ Supplier Network, organisations must submit an EOI response and provide the supporting evidence requested.

Instructions on completing the **Expression of Interest for Prospective Suppliers** can be found on the EOI page on CSQ's website.

CSQ will assess each submission against the eligibility requirements outlined in this document and advise applicants of the outcome.

Priority consideration may be given to applicants that:

- Are locally based within the region.
- Can meet a specific gap.
- Can demonstrate strong relationships with local employers and industry stakeholders within the local region and/or broader Queensland building and construction industry.
- Can deliver training locally.
- Increase access to training in underserved regional areas.
- Support workforce development outcomes with local industry demand.

If Approved

If approved, your organisation will complete CSQ's onboarding process, including establishment of a Supplier Profile, completion of due diligence requirements and execution of a Master Services Agreement (MSA). Once the MSA is fully executed by both parties, your organisation will be onboarded as a CSQ Supplier.

After Onboarding and Sourcing Opportunities

Once onboarded, your organisation may be invited to participate in Sourcing Events.

A Sourcing Event is the process CSQ uses to procure training and related services from Suppliers. Invitations are based on the qualifications, units of competency and regions recorded in your Delivery Profile on the CSQ Procurement Portal after onboarding.

To ensure your organisation is considered for relevant opportunities, it is important that your Delivery Profile is accurate and kept up to date

Existing Suppliers

If you are an existing Supplier within CSQ's Supplier Network, you can apply as part of the EOI, too.

CSQ has prepared a form for existing suppliers in CSQ's Supplier Network to respond to the 2026–27 Expression of Interest (EOI) for *identified gaps in program, course and regional coverage.*

You will be asked to provide your organisation and contact details, select the program(s) you are responding to, and identify the relevant courses and regions you wish to express interest in.

IMPORTANT: The below form is **only** for existing Suppliers. We ask that any prospective Suppliers please review the New Suppliers section of this EOI Brief.

Click here to complete the Existing Supplier Expression of Interest Form

About Our Programs

Accredited Training Programs

CSQ engages Suppliers to deliver training and services across a range of programs, including:

Higher Qualifications Program (Building & Civil Streams)

The Higher Qualifications Program provides subsidised, nationally recognised Certificate IV, Diploma and Advanced Diploma training for eligible workers in Queensland's building and construction industry.

Its intent is to strengthen workforce capability through higher-level skills, career progression and professional development.

Skill Sets Program

The Skill Sets Program responds to industry demand for recognised skill sets and grouped competencies that support QBCC licence outcomes in Queensland's building and construction industry.

Its intent is to support career progression and upskilling, meet evolving industry and regulatory requirements, and strengthen long-term workforce capability.

Skills Assessment and Gap Training Program (Building & Civil Streams)

The Skills Assessment and Gap Training Program supports experienced building-industry workers who don't yet hold a formal qualification to gain an initial nationally recognised Certificate III.

Its intent is to grow the qualified workforce, strengthen capability and employment outcomes, and help workers meet relevant safety, licensing and regulatory requirements.

Qualification Upgrade Program

The Qualification Upgrade Program is a limited life Program that is designed to provide a pathway for Queensland building and construction workers to move from superseded trade qualifications to current qualifications.

Its intent is to support licensing requirements, refresh industry skills and strengthen pathways to higher-level qualifications.

Short Courses Program (Building & Civil Streams)

The Short Courses Program provides subsidised accredited training for eligible workers in Queensland's building and construction industry.

Its intent is to support workers to build targeted knowledge and capability in response to industry needs, strengthening workforce resilience, productivity and employment outcomes.

Non-Accredited Training Programs

Industry Micro-Credentials Program

The Industry Micro-Credentials Program supports the rapid development of priority skills in the building and construction industry.

Its intent is to improve workforce capability and safety by providing flexible training options for workers and small and medium-sized businesses. The program addresses identified skills gaps, enables industry-led training solutions aligned with current and emerging workforce needs, and supports rapid responses to emerging skills needs.

Participant Eligibility

Participant eligibility varies between CSQ programs and is outlined within the relevant *Program Schedule.*

As a general requirement, participants must:

(a) Have the right to work in Australia; **AND**

(b) Be an Eligible Worker; **OR**

(c) Be an Unemployed Eligible Worker in the Queensland Building and Construction Industry; **AND**

(d) Meet all program eligibility requirements as per the relevant Program Schedule.

Further information about participant eligibility requirements is available within the Program Brief provided during sourcing and within the relevant Program Schedule and supporting resources.

Regional Supplier Expansion

CSQ is seeking to strengthen its local Supplier presence in regions where the existing Supplier Network has limited local coverage. We are seeking new Suppliers based within the regions listed below that are capable of delivering one or more of the programs of particularly interest below, and/or address a specific gap in CSQ-funded training delivery.

The programs identified against each region represent areas of particular interest based on current local Supplier coverage; however, they are not exhaustive. Suppliers within the listed regions capable of delivering other CSQ programs are also encouraged to submit an EOI.

Region	Programs of Particular Interest in Region
Central	• Higher Qualifications (Building & Civil) • Skills Assessment and Gap Training (Building & Civil) • Skills Sets Program • Short Courses (Building & Civil)
Darling Downs – Toowoomba	• Higher Qualifications (Building & Civil) • Skills Assessment and Gap Training (Building & Civil) • Skill Sets Program

Far North	• Higher Qualifications (Building & Civil) • Skill Sets Program • Skills Assessment and Gap Training (Building & Civil)
Mackay Whitsundays	• Higher Qualifications (Building & Civil) • Skill Sets Program • Skills Assessment and Gap Training (Building & Civil) • Short Courses (Building & Civil)
North West	• Higher Qualifications (Building & Civil) • Skills Assessment and Gap Training (Building) • Short Courses (Building & Civil) • Skill Sets Program
Northern	• Higher Qualifications (Building & Civil) • Skills Assessment and Gap Training (Building & Civil) • Skill Sets Program
South West	• Higher Qualifications (Building & Civil) • Skill Sets Program • Skills Assessment and Gap Training (Building & Civil) • Short Courses (Building & Civil)
Wide Bay	• Higher Qualifications (Building & Civil) • Skills Assessment and Gap Training (Building & Civil) • Skill Sets Program • Short Courses (Building & Civil)

Identified Training Delivery Gaps

In addition to the regional Supplier expansion outlined above, CSQ is seeking training providers capable of addressing specific gaps in training delivery.

The courses and regions where these gaps have been identified are outlined in the following pages by region. Suppliers do not need to be locally based within an identified region to respond to a training delivery gap. Suppliers from any region may express interest where they have **the capability to deliver** the identified training in that region.

NOTE: *System updates to training packages are still underway. CSQ recognises that some of the listed qualifications and units below have been superseded. Contracted providers will be notified when system updates are complete.*

Some programs are only open to expressions of interest from existing Suppliers within CSQ's Supplier Network. These programs are identified below by a blue program heading.

Open to New & Existing Suppliers

Higher Qualifications

Building Program

- CPC50320 Diploma of Building and Construction (Management)
- UEE42622 Certificate IV in Hazardous areas - Electrical

Civil Program

- RII60620 Advanced Diploma of Civil Construction

Skills Assessment and Gap Training

Building Program

- CPC30426 Certificate III in Demolition
- CPC30820 Certificate III in Roof Tiling
- CPC30920 Certificate III in Scaffolding
- CPC31120 Certificate III in Steelfixing
- CPC31220 Certificate III in Wall and Ceiling Lining
- CPC31320 Certificate III in Wall and Floor Tiling
- CPC31420 Certificate III in Construction Waterproofing
- CPC32320 Certificate III in Stonemasonry
- CPC32620 Certificate III in Roof Plumbing
- CPC33020 Certificate III in Bricklaying and Blocklaying

Skill Sets Program

- QLDLSCSQ05 Builder Medium Rise - Site Supervisor
- QLDLSCSQ06 Builder Open - Site Supervisor
- QLDLSCSQ09 Builder restricted to shopfitting - Contractor & Nominee Supervisor
- QLDLSCSQ10 Builder restricted to shopfitting - Site Supervisor
- QLDLSCSQ12 Builder restricted to structural landscaping - Site Supervisor
- QLDLSCSQ13 Qualified Technical Person

Short Courses Program

Building Program

- CPCCBC4047A Quality assure fire-rated lining systems
- CPCCCM2004 Handle construction materials
- CPCCCM2010 Work safely on scaffolding higher than two metres
- CPCCDE3029 Remove friable asbestos
- CPCCDE4009 Supervise asbestos removal
- CPCCDO3011 Perform dogging
- CPCCLBM3001 Licence to operate a concrete placing boom
- CPCCLHS3001 Licence to operate a personnel and materials hoist
- CPCCLRG3002 Licence to perform rigging intermediate level
- CPCCLRG4001 Licence to perform rigging advanced level
- CPCCLTC4001 Licence to operate a tower crane
- CPCCLTC4002 Licence to operate a self-erecting tower crane
- CPCCPD3031 Work safely with lead-painted surfaces in the painting industry
- CPCCWC3003 Install dry wall passive fire-rated systems
- CPCPCM2043 Carry out WHS requirements
- CPCPCM4011 Carry out work-based risk control processes
- CPCPCM4012 Estimate and cost work
- CPCPDR4011 Design and size sanitary drainage systems
- CPCPDR4012 Design and size stormwater drainage systems
- CPCPDR4013 Design and size domestic treatment plant disposal systems
- CPCPFS4021 Commission domestic and residential fire suppression sprinkler systems
- CPCPFS4024 Design residential fire sprinkler systems
- CPCPGS4011 Design and size consumer gas installations
- CPCPGS4022 Service Type A gas appliances
- CPCPMS3034 Install and test medical gas pipeline systems
- CPCPSN4011 Design and size sanitary plumbing systems
- CPCPWT4011 Design and size heated and cold-water services and systems
- CPCPWT4022 Commission and maintain backflow prevention devices
- CPCPWT4023 Commission and maintain hot and heated water temperature control devices
- CPCSIL3001 Work with products and materials containing crystalline silica
- CPCSIL4001 Supervise and manage work with products and materials generating respirable crystalline silica
- CPPFES2035 Identify, inspect and test fire and smoke doors
- CPPFES2039 Identify, inspect and test passive fire and smoke containment products and systems
- ICTCBL247 Install, maintain and modify customer premises communications cabling: ACMA Open Rule
- ICTCBL301 Install, terminate and certify structured cabling installation
- ICTCBL322 Install, test and terminate optical fibre cable on customer premises
- NAT10830001 Prevent crystalline Silica exposure
- NAT11004001 Identify asbestos containing materials and follow safety and reporting procedures (11004NAT)
- NAT11462001 Use Swing Stage Scaffolds Safely (11462NAT)
- PMBWELD301E Join polyethylene plastic pipelines using butt welding
- PMBWELD302E Join polyethylene plastic pipelines using electrofusion welding
- UEEEL0002 Apply currency of safe working practices and compliance verification of electrical installations
- UEEEL0029 Conduct compliance inspection of LV electrical installations with demand exceeding 100 A per phase
- UEEEL0030 Conduct compliance inspection of single phase LV electrical installations
- UEEEL0040 Develop compliance policies and plans to conduct an electrical contracting business
- UEERL0002 Attach cords, cables and plugs to electrical equipment for connection to 1000 V a.c. or 1500 V d.c.
- UEERL0003 Conduct in-service safety testing of electrical cord connected equipment and cord assemblies
- UEERL0004 Disconnect-reconnect electrical equipment connected to low voltage (LV) installation wiring
- UEERL0005 Locate and rectify faults in low voltage (LV) electrical equipment using set procedures
- UEPOPS036 Develop H.V. switching programs

Civil Program

- RIIWHS205E Control traffic with stop-slow bat
- RIIWHS302E Implement traffic management plans

Open to Existing Suppliers Only

Qualification Upgrade Program

- CPC30220 - Certificate III in Carpentry
- CPC30320 - Certificate III in Concreting
- CPC30620 - Certificate III in Painting and Decorating
- CPC30820 Certificate III in Roof Tiling
- CPC30920 - Certificate III in Scaffolding
- CPC31020 - Certificate III in Solid Plastering
- CPC31220 - Certificate III in Wall and Ceiling Lining
- CPC31320 - Certificate III in Wall and Floor Tiling
- CPC31420 - Certificate III in Construction Waterproofing
- CPC32320 Certificate III in Stonemasonry
- CPC33020 - Certificate III in Bricklaying and Blocklaying

Industry Micro-Credentials Program

- AUDT Audiometric Testing
- CMBPDRV001 - Revalidation Course Commission & Maintain Backflow Prevention Devices
- CWP - Construction Wiring Program
- LMBWS1 - Legionella Management in Building Water Systems
- QLD334SWH01A - Evaluate and plan the installation of solar water heating systems
- QNFT - Fit Testing (Quantitative Method)

Open to New & Existing Suppliers

Higher Qualifications

Building Program

- CPC50320 Diploma of Building and Construction (Management)
- UEE42622 Certificate IV in Hazardous areas - Electrical

- CPPFES2035 - Identify, inspect and test fire and smoke doors
- CPPFES2039 - Identify, inspect and test passive fire and smoke containment products and systems
- ICTCBL247 - Install, maintain and modify customer premises communications cabling: ACMA Open Rule
- ICTCBL301 - Install, terminate and certify structured cabling installation
- ICTCBL322 - Install, test and terminate optical fibre cable on customer premises
- NAT10830001 - Prevent crystalline Silica exposure
- NAT11004001 - Identify asbestos containing materials and follow safety and reporting procedures (11004NAT)
- TLILIC0022 - Licence to operate a slewing mobile crane (up to 20 tonnes)
- UEEEL0002 - Apply currency of safe working practices and compliance verification of electrical installations
- UEEEL0029 - Conduct compliance inspection of LV electrical installations with demand exceeding 100 A per phase
- UEEEL0030 - Conduct compliance inspection of single phase LV electrical installations
- UEEEL0040 - Develop compliance policies and plans to conduct an electrical contracting business
- UEERE0060 - Design grid-connected battery storage systems
- UEERE0061 - Design grid-connected photovoltaic power supply systems
- UEERE0077 - Install battery storage equipment power conversion equipment to grid
- UEERE0078 - Install battery storage to power conversion equipment
- UEERE0081 - Install photovoltaic systems to power conversion equipment
- UEPOPS036 - Develop H.V. switching programs
- UEPOPS116 - Operate local H.V. switchgear
- UEPOPS117 - Operate local L.V. switchgear
- UEPOPS124 - Perform switching to a switching program

Open to Existing Suppliers Only

Qualification Upgrade Program

- CPC30820 Certificate III in Roof Tiling
- CPC30920 - Certificate III in Scaffolding
- CPC32320 Certificate III in Stonemasonry

Industry Micro-Credentials Program

- AUDT Audiometric Testing
- CMBPDRV001 - Revalidation Course Commission & Maintain Backflow Prevention Devices
- CWP - Construction Wiring Program
- LMBWS1 - Legionella Management in Building Water Systems
- QLD334SWH01A - Evaluate and plan the installation of solar water heating systems

Open to New & Existing Suppliers
Higher Qualifications
Building Program
CPC50320 - Diploma of Building and Construction (Management)
Civil Program
RII60620 Advanced Diploma of Civil Construction
Skills Assessment and Gap Training
Building Program
CPC30426 - Certificate III in Demolition
CPC30820 Certificate III in Roof Tiling
CPC30920 - Certificate III in Scaffolding
CPC31120 - Certificate III in Steelfixing
CPC32320 Certificate III in Stonemasonry
CPC32620 - Certificate III in Roof Plumbing
Short Courses Program
Building Program
CPCCBC4047A - Quality assure fire-rated lining systems
CPCCDO3011 - Perform dogging
CPCCLBM3001 - Licence to operate a concrete placing boom
CPCCLTC4002 - Licence to operate a self-erecting tower crane
CPCPDR4011 - Design and size sanitary drainage systems
CPCPDR4012 - Design and size stormwater drainage systems
CPCPDR4013 - Design and size domestic treatment plant disposal systems
CPCPFS4021 - Commission domestic and residential fire suppression sprinkler systems
CPCPFS4024 - Design residential fire sprinkler systems
CPCPGS4011 - Design and size consumer gas installations
CPCPGS4022 - Service Type A gas appliances
CPCPMS3034 - Install and test medical gas pipeline systems
CPCPSN4011 - Design and size sanitary plumbing systems
CPCPWT4011 - Design and size heated and cold-water services and systems
CPCSIL3001 - Work with products and materials containing crystalline silica
CPCSIL4001 - Supervise and manage work with products and material generating respirable crystalline silica
CPPFES2035 - Identify, inspect and test fire and smoke doors
CPPFES2039 - Identify, inspect and test passive fire and smoke containment products and systems
NAT10830001 - Prevent crystalline Silica exposure
NAT11004001 - Identify asbestos containing materials and follow safety and reporting procedures (11004NAT)
UEPOPS036 - Develop H.V. switching programs
UEPOPS116 - Operate local H.V. switchgear
UEPOPS117 - Operate local L.V. switchgear
UEPOPS124 - Perform switching to a switching program

Short Courses Program

Building Program

- BSBSUS211 - Participate in sustainable work practices
- BSBWHS414 - Contribute to WHS risk management
- CPCCBC4047A - Quality assure fire-rated lining systems
- CPCCBC6001 - Apply building codes and standards to the construction process for large building projects
- CPCCBC6014 - Apply structural principles to the construction of large, high-rise and complex buildings
- CPCCBC6016 - Assess construction faults in large building projects
- CPCCCM2004 - Handle construction materials
- CPCCCM2010 - Work safely on scaffolding higher than two metres
- CPCCCM2012 - Work safely at Heights
- CPCCDE3028 - Remove non-friable asbestos
- CPCCDE3029 - Remove friable asbestos
- CPCCDE4009 - Supervise asbestos removal
- CPCCDO3011 - Perform dogging
- CPCCLBM3001 - Licence to operate a concrete placing boom
- CPCCLHS3001 - Licence to operate a personnel and materials hoist
- CPCCLRG3001 - Licence to perform rigging basic level
- CPCCLRG3002 - Licence to perform rigging intermediate level
- CPCCLRG4001 - Licence to perform rigging advanced level
- CPCCLSF2001 - Licence to erect, alter and dismantle scaffolding basic level
- CPCCLSF3001 - Licence to erect, alter and dismantle scaffolding intermediate level
- CPCCLSF4001 - Licence to erect, alter and dismantle scaffolding advanced level
- CPCCLTC4001 - Licence to operate a tower crane
- CPCCLTC4002 - Licence to operate a self-erecting tower crane
- CPCCPD3031 - Work safely with lead-painted surfaces in the painting industry
- CPCCWC3003 - Install dry wall passive fire-rated systems
- CPCCWHS2001 - Apply WHS requirements, policies and procedures in the construction industry
- CPCPCM2043 - Carry out WHS requirements
- CPCPCM4011 - Carry out work-based risk control processes
- CPCPCM4012 - Estimate and cost work
- CPCPDR4011 - Design and size sanitary drainage systems
- CPCPDR4012 - Design and size stormwater drainage systems
- CPCPDR4013 - Design and size domestic treatment plant disposal systems
- CPCPFS4021 - Commission domestic and residential fire suppression sprinkler systems
- CPCPFS4024 - Design residential fire sprinkler systems
- CPCPGS4011 - Design and size consumer gas installations
- CPCPGS4022 - Service Type A gas appliances
- CPCPMS3034 - Install and test medical gas pipeline systems
- CPCPSN4011 - Design and size sanitary plumbing systems
- CPCPWT4011 - Design and size heated and cold-water services and systems
- CPCPWT4022 - Commission and maintain backflow prevention devices
- CPCPWT4023 - Commission and maintain hot and heated water temperature control devices
- CPCSIL3001 - Work with products and materials containing crystalline silica
- CPCSIL4001 - Supervise and manage work with products and material generating respirable crystalline silica
- CPPFES2035 - Identify, inspect and test fire and smoke doors
- CPPFES2039 - Identify, inspect and test passive fire and smoke containment products and systems
- ICTCBL247 - Install, maintain and modify customer premises communications cabling: ACMA Open Rule
- ICTCBL301 - Install, terminate and certify structured cabling installation
- ICTCBL322 - Install, test and terminate optical fibre cable on customer premises
- NAT10830001 - Prevent crystalline Silica exposure
- NAT11004001 - Identify asbestos containing materials and follow safety and reporting procedures (11004NAT)
- NAT11462001 - Use Swing Stage Scaffolds Safely (11462NAT)
- PMBWELD301E - Join polyethylene plastic pipelines using butt welding
- PMBWELD302E - Join polyethylene plastic pipelines using electrofusion welding
- TLID0020 - Shift materials safely using manual handling methods
- TLID3035 - Operate a boom type elevating work platform
- TLILIC0020 - Licence to operate a slewing mobile crane (over 100 tonnes)
- TLILIC0021 - Licence to operate a slewing mobile crane (up to 100 tonnes)
- TLILIC0022 - Licence to operate a slewing mobile crane (up to 20 tonnes)
- TLILIC0024 - Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)
- UEECD0007 - Apply work health and safety regulations, codes and practices in the workplace
- UEEEL0002 - Apply currency of safe working practices and compliance verification of electrical installations
- UEEEL0029 - Conduct compliance inspection of LV electrical installations with demand exceeding 100 A per phase
- UEEEL0030 - Conduct compliance inspection of single phase LV electrical installations
- UEEEL0040 - Develop compliance policies and plans to conduct an electrical contracting business
- UEERE0060 - Design grid-connected battery storage systems
- UEERE0061 - Design grid-connected photovoltaic power supply systems
- UEERE0077 - Install battery storage equipment power conversion equipment to grid
- UEERE0078 - Install battery storage to power conversion equipment
- UEERE0081 - Install photovoltaic systems to power conversion equipment
- UEERL0001 - Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply

Short Courses Program (continued)
Building Program (continued)
UEERL0002 - Attach cords, cables and plugs to electrical equipment for connection to 1000 V a.c. or 1500 V d.c.
UEERL0003 - Conduct in-service safety testing of electrical cord connected equipment and cord assemblies
UEERL0004 - Disconnect-reconnect electrical equipment connected to low voltage (LV) installation wiring
UEERL0005 - Locate and rectify faults in low voltage (LV) electrical equipment using set procedures
UEPOPS036 - Develop H.V. switching programs
UEPOPS116 - Operate local H.V. switchgear
UEPOPS117 - Operate local L.V. switchgear
UEPOPS124 - Perform switching to a switching program
UETDREL006 - Working safely near live electrical apparatus as a non-electrical worker
TLILIC0022 - Licence to operate a slewing mobile crane (up to 20 tonnes)
Civil Program
RIICBS203E - Safely handle bituminous materials
RIIWHS205E - Control traffic with stop-slow bat
RIIWHS302E - Implement traffic management plans

Open to Existing Suppliers Only
Qualification Upgrade Program

- CPCCLRG3001 - Licence to perform rigging basic level
- CPCCLRG3002 - Licence to perform rigging intermediate level
- CPCCLRG4001 - Licence to perform rigging advanced level
- CPCCLSF2001 - Licence to erect, alter and dismantle scaffolding basic level
- CPCCLSF3001 - Licence to erect, alter and dismantle scaffolding intermediate level
- CPCCLSF4001 - Licence to erect, alter and dismantle scaffolding advanced level
- CPCCLTC4001 - Licence to operate a tower crane
- CPCCLTC4002 - Licence to operate a self-erecting tower crane
- CPCCPD3031 - Work safely with lead-painted surfaces in the painting industry
- CPCCWC3003 - Install dry wall passive fire-rated systems
- CPCPCM2043 - Carry out WHS requirements
- CPCPCM4011 - Carry out work-based risk control processes
- CPCPCM4012 - Estimate and cost work
- CPCPDR4011 - Design and size sanitary drainage systems
- CPCPDR4012 - Design and size stormwater drainage systems
- CPCPDR4013 - Design and size domestic treatment plant disposal systems
- CPCPFS4021 - Commission domestic and residential fire suppression sprinkler systems
- CPCPFS4024 - Design residential fire sprinkler systems
- CPCPGS4011 - Design and size consumer gas installations
- CPCPGS4022 - Service Type A gas appliances
- CPCPMS3034 - Install and test medical gas pipeline systems
- CPCPSN4011 - Design and size sanitary plumbing systems
- CPCPWT4011 - Design and size heated and cold-water services and systems
- CPCPWT4022 - Commission and maintain backflow prevention devices
- CPCPWT4023 - Commission and maintain hot and heated water temperature control devices
- CPCSIL3001 - Work with products and materials containing crystalline silica
- CPCSIL4001 - Supervise and manage work with products and material generating respirable crystalline silica
- CPPFES2035 - Identify, inspect and test fire and smoke doors
- CPPFES2039 - Identify, inspect and test passive fire and smoke containment products and systems
- ICTCBL247 - Install, maintain and modify customer premises communications cabling: ACMA Open Rule
- ICTCBL301 - Install, terminate and certify structured cabling installation
- ICTCBL322 - Install, test and terminate optical fibre cable on customer premises
- NAT10830001 - Prevent crystalline Silica exposure
- NAT11004001 - Identify asbestos containing materials and follow safety and reporting procedures (11004NAT)
- NAT11462001 - Use Swing Stage Scaffolds Safely (11462NAT)
- PMBWELD301E - Join polyethylene plastic pipelines using butt welding
- PMBWELD302E - Join polyethylene plastic pipelines using electrofusion welding
- TLILIC0020 - Licence to operate a slewing mobile crane (over 100 tonnes)
- TLILIC0021 - Licence to operate a slewing mobile crane (up to 100 tonnes)
- TLILIC0022 - Licence to operate a slewing mobile crane (up to 20 tonnes)
- TLILIC0024 - Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)
- TLILIC0040 - Licence to operate a non-slewing mobile crane (greater than 3 tonnes capacity)
- UEECD0007 - Apply work health and safety regulations, codes and practices in the workplace
- UEEEL0002 - Apply currency of safe working practices and compliance verification of electrical installations
- UEEEL0029 - Conduct compliance inspection of LV electrical installations with demand exceeding 100 A per phase
- UEEEL0030 - Conduct compliance inspection of single phase LV electrical installations
- UEEEL0040 - Develop compliance policies and plans to conduct an electrical contracting business
- UEERE0060 - Design grid-connected battery storage systems
- UEERE0061 - Design grid-connected photovoltaic power supply systems
- UEERE0077 - Install battery storage equipment power conversion equipment to grid
- UEERE0078 - Install battery storage to power conversion equipment
- UEERE0081 - Install photovoltaic systems to power conversion equipment
- UEERL0001 - Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply
- UEERL0002 - Attach cords, cables and plugs to electrical equipment for connection to 1000 V a.c. or 1500 V d.c.

Short Courses Program (continued)
Building Program (continued)
UEERL0003 - Conduct in-service safety testing of electrical cord connected equipment and cord assemblies
UEERL0004 - Disconnect-reconnect electrical equipment connected to low voltage (LV) installation wiring
UEERL0005 - Locate and rectify faults in low voltage (LV) electrical equipment using set procedures
UEPOPS036 - Develop H.V. switching programs
UEPOPS116 - Operate local H.V. switchgear
UEPOPS117 - Operate local L.V. switchgear
UEPOPS124 - Perform switching to a switching program
Civil Program
RIICBS203E - Safely handle bituminous materials
RIIWHS205E - Control traffic with stop-slow bat
RIIWHS302E - Implement traffic management plans

Open to Existing Suppliers Only
Qualification Upgrade Program
CPC30220 - Certificate III in Carpentry
CPC30320 - Certificate III in Concreting
CPC30620 - Certificate III in Painting and Decorating
CPC30820 Certificate III in Roof Tiling
CPC30920 - Certificate III in Scaffolding
CPC31020 - Certificate III in Solid Plastering
CPC31220 - Certificate III in Wall and Ceiling Lining
CPC31320 - Certificate III in Wall and Floor Tiling
CPC31420 - Certificate III in Construction Waterproofing
CPC32320 Certificate III in Stonemasonry
CPC33020 - Certificate III in Bricklaying and Blocklaying
Industry Micro-Credentials Program
AUDT Audiometric Testing
CMBPDRV001 - Revalidation Course Commission & Maintain Backflow Prevention Devices
CWP - Construction Wiring Program
LMBWS1 - Legionella Management in Building Water Systems
QLD334SWH01A - Evaluate and plan the installation of solar water heating systems
QNFT - Fit Testing (Quantitative Method)

Open to New & Existing Suppliers

Higher Qualifications

Building Program

- CPC50320 - Diploma of Building and Construction (Management)
- UEE42622 - Certificate IV in Hazardous areas - Electrical

Civil Program

- RII60620 Advanced Diploma of Civil Construction

Skills Assessment and Gap Training

Building Program

- CPC30426 - Certificate III in Demolition
- CPC30820 Certificate III in Roof Tiling
- CPC30920 - Certificate III in Scaffolding
- CPC31120 - Certificate III in Steelfixing
- CPC32320 Certificate III in Stonemasonry
- CPC32620 - Certificate III in Roof Plumbing

Skill Sets Program

- QLDLSCSQ13 - Qualified Technical Person

Short Courses Program

Building Program

- CPCCBC4047A - Quality assure fire-rated lining systems
- CPCCDE4009 - Supervise asbestos removal
- CPCCDO3011 - Perform dogging
- CPCCLBM3001 - Licence to operate a concrete placing boom
- CPCCLRG4001 - Licence to perform rigging advanced level
- CPCCLSF3001 - Licence to erect, alter and dismantle scaffolding intermediate level
- CPCCLSF4001 - Licence to erect, alter and dismantle scaffolding advanced level
- CPCCLTC4002 - Licence to operate a self-erecting tower crane
- CPCCPD3031 - Work safely with lead-painted surfaces in the painting industry
- CPCCWC3003 - Install dry wall passive fire-rated systems
- CPCPCM4011 - Carry out work-based risk control processes
- CPCPCM4012 - Estimate and cost work
- CPCPDR4011 - Design and size sanitary drainage systems
- CPCPDR4012 - Design and size stormwater drainage systems
- CPCPDR4013 - Design and size domestic treatment plant disposal systems
- CPCPFS4021 - Commission domestic and residential fire suppression sprinkler systems
- CPCPFS4024 - Design residential fire sprinkler systems
- CPCPGS4011 - Design and size consumer gas installations
- CPCPGS4022 - Service Type A gas appliances
- CPCPMS3034 - Install and test medical gas pipeline systems
- CPCPSN4011 - Design and size sanitary plumbing systems

Skill Sets Program

- QLDLSCSQ06 - Builder Open - Site Supervisor
- QLDLSCSQ10 - Builder restricted to shopfitting - Site Supervisor
- QLDLSCSQ12 - Builder restricted to structural landscaping - Site Supervisor
- QLDLSCSQ13 - Qualified Technical Person

Short Courses Program

Building Program

- CPCCBC4047A - Quality assure fire-rated lining systems
- CPCCCM2004 - Handle construction materials
- CPCCCM2010 - Work safely on scaffolding higher than two metres
- CPCCCM2012 - Work safely at Heights
- CPCCDE3029 - Remove friable asbestos
- CPCCDE4009 - Supervise asbestos removal
- CPCCDO3011 - Perform dogging
- CPCCLBM3001 - Licence to operate a concrete placing boom
- CPCCLHS3001 - Licence to operate a personnel and materials hoist
- CPCCLRG3001 - Licence to perform rigging basic level
- CPCCLRG3002 - Licence to perform rigging intermediate level
- CPCCLRG4001 - Licence to perform rigging advanced level
- CPCCLSF2001 - Licence to erect, alter and dismantle scaffolding basic level
- CPCCLSF3001 - Licence to erect, alter and dismantle scaffolding intermediate level
- CPCCLSF4001 - Licence to erect, alter and dismantle scaffolding advanced level
- CPCCLTC4001 - Licence to operate a tower crane
- CPCCLTC4002 - Licence to operate a self-erecting tower crane
